SUBJECT:

Requirements Problem Re: DCIL 4/5

I have reexamined the papers which this office has issued on this subject in pursuance of LAC-3-50/5, all the written comment which I have received from the offices, and consulted my conscience over-long. You will note from the attached I have tried once again to state the way it looks to me. If you feel that another discussion on this subject would not be too oppressive to you, I invite you to meet with me at 2:30 on Wednesday, 11 April 1956 in my office, 315 Administration Building, for a final discussion before I lay this matter before [REDACTED] including, of course, my views you might then have.
